PETITION TO MAKE SPECIAL

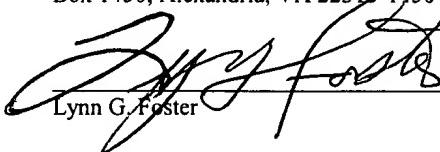

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

PETITION

Pursuant to 35 CFR § 1.102(c) the Applicant petitions the Commissioner to make the above-identified application special on the grounds and for the reasons that it both pertains to the development of an energy resource and provides for a more efficient utilization and conservation of an energy resource.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on April 8, 2004.

Lynn G. Foster

STATEMENT UNDER 35 CFR § 1.102(c)

35 CFR § 1.102(c) accommodates a petition to make special without fee where, as here, the invention will materially enhance the quality of the environment or materially contribute to the development and conservation of energy resources.

Pursuant to the Manual of Patent Examining Procedure (MPEP) § 708(2)(V) and (VI), the present invention relates to provision of electrical energy utilizing a microscopic battery integratable with a MEMS or like microcircuit.

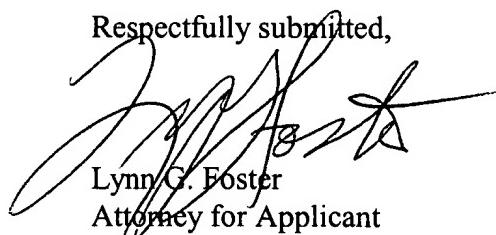

The production of electricity in accordance with principles of the present invention enhance an environmental quality in that there is no pollution due to the discarding of large non-integratable batteries.

In addition, the present invention enhances the availability of electrical energy in a more efficient fashion and usable fashion.

CONCLUSION

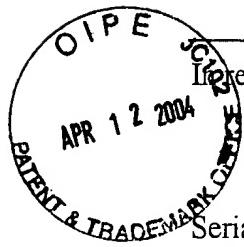

From the foregoing, it is readily apparent that examination of the above-identified application should be accelerated and such action is courteously invited.

It is clear from MPEP § 708.02 that this petition is without fee. However, if a fee should be required, please charge the same to Deposit Account 06-1620 of the undersigned.

Respectfully submitted,

Lynn G. Foster
